

House of Hacks is a website that gives users various tips for various problems they may encounter when working in the home, whether that involves caring for a garden or removing grease stains from clothing or carpet.

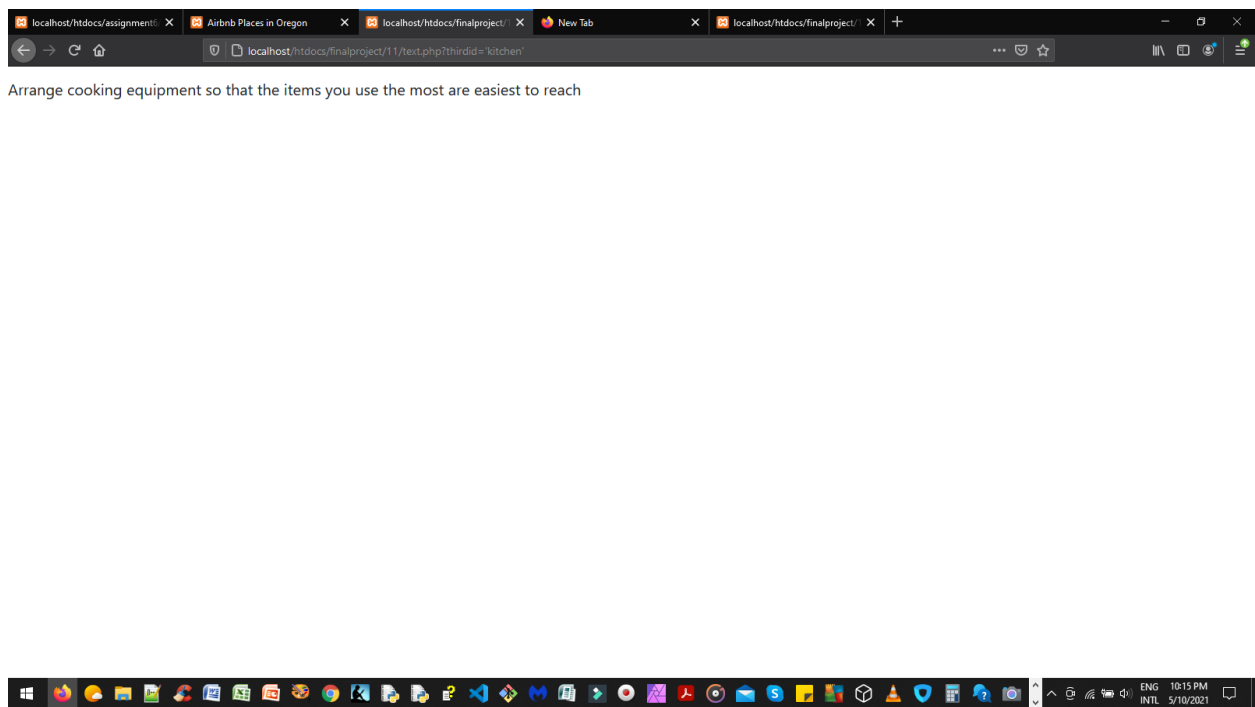

The user begins on the home page, index.php, where they are presented with nine categories: stains, home, organizing, tech, clothing, chores, pets, garden/yard, and cooking.

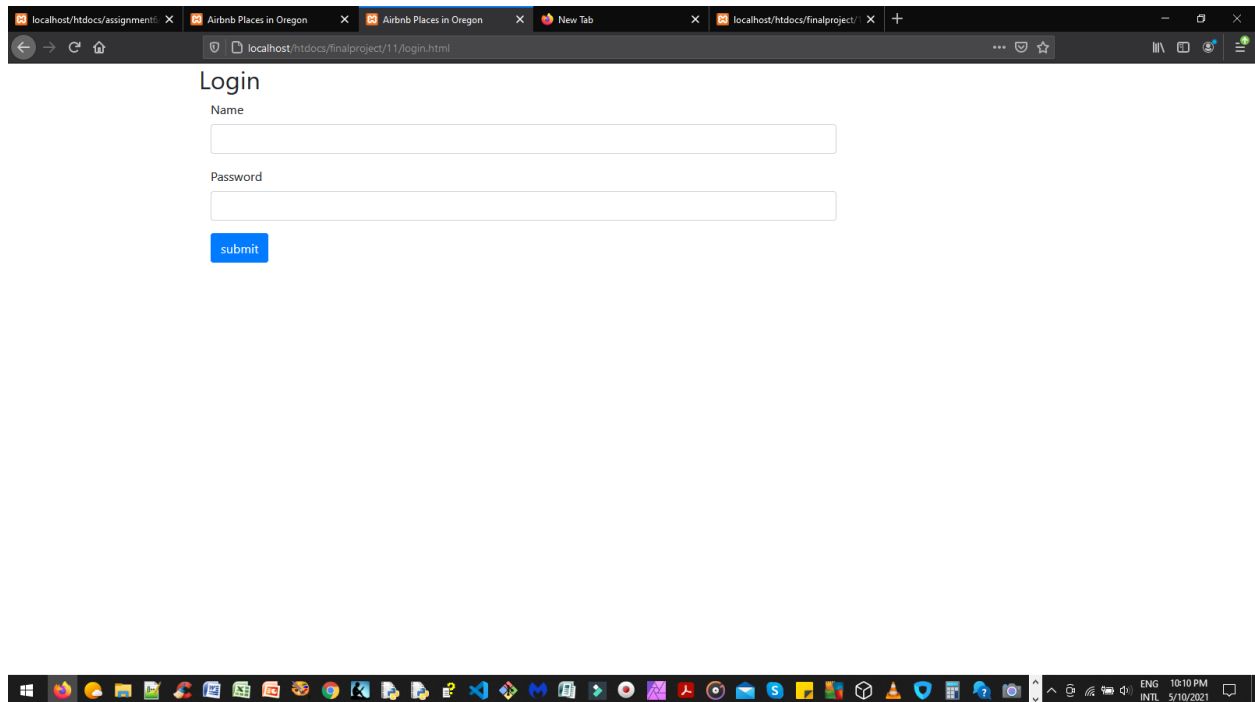

From here, the user can select one of the categories, which will lead them to the next page, details.php. This page gives the user an additional nine categories, so that they can further filter for the tip they may need. For example, if the user were to click on the Organizing category, they would see the following:

Once the user has selected a subcategory, they will receive the tip. If they were to select 'kitchen' from Organizing (shown above), they would get the tip for Organizing a kitchen (shown below).

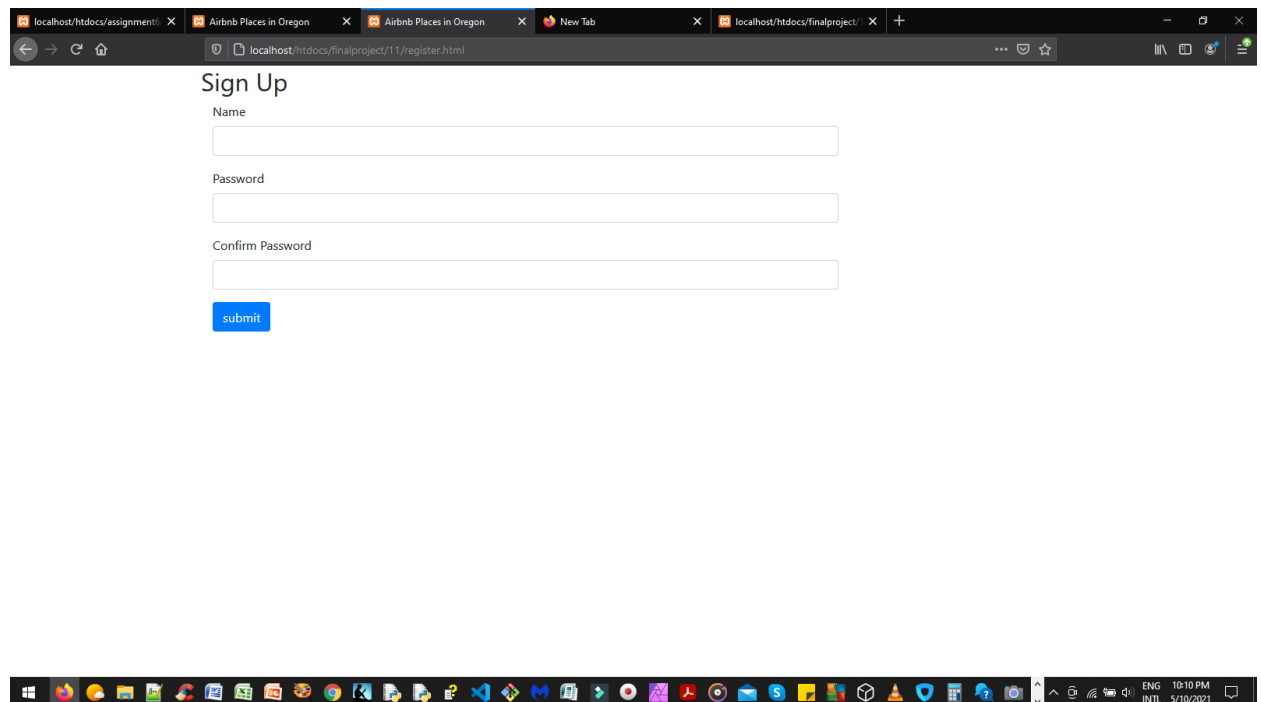

The user can also login,

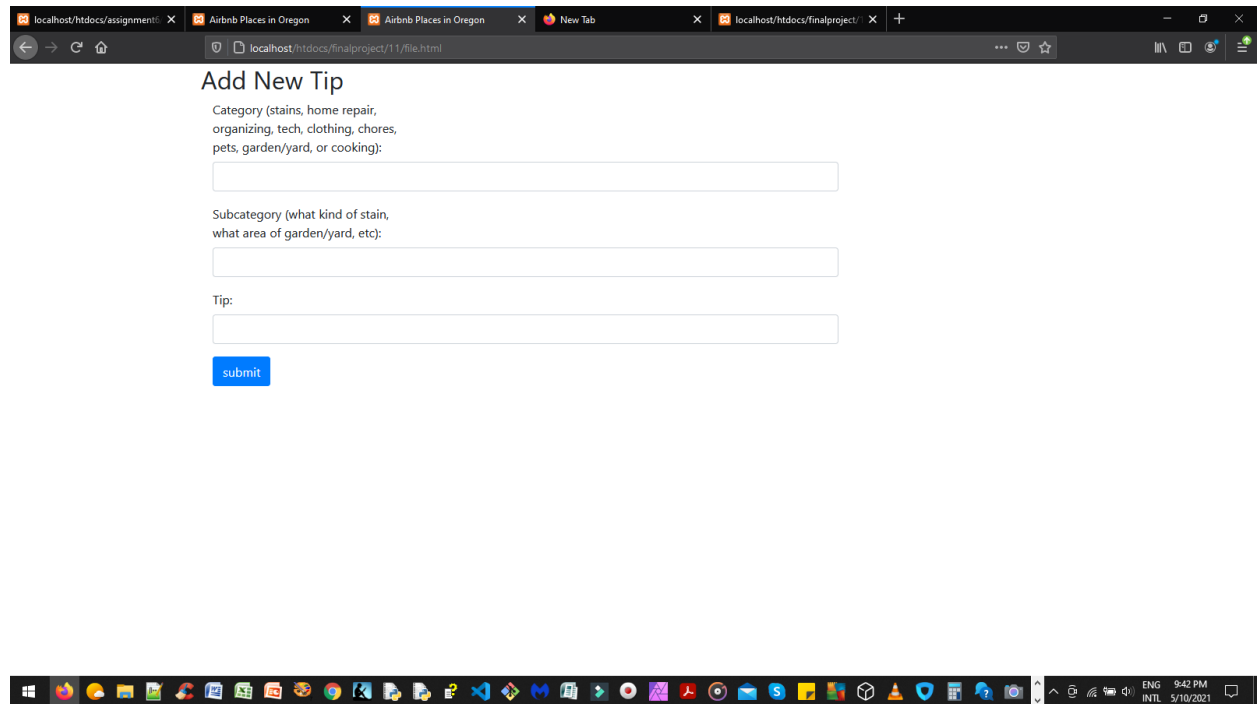

The screenshot shows a web browser with multiple tabs. The active tab is titled 'localhost/htdocs/finalproject/11/login.html'. The page content includes a 'Login' heading, a 'Name' label with a text input field, a 'Password' label with a text input field, and a blue 'submit' button. The browser's address bar shows the URL 'localhost/htdocs/finalproject/11/login.html'. The Windows taskbar at the bottom displays various application icons and the system clock showing 10:10 PM on 5/10/2021.

and/or sign up for an account.

The screenshot shows a web browser with multiple tabs. The active tab is titled 'localhost/htdocs/finalproject/11/register.html'. The page content includes a 'Sign Up' heading, a 'Name' label with a text input field, a 'Password' label with a text input field, a 'Confirm Password' label with a text input field, and a blue 'submit' button. The browser's address bar shows the URL 'localhost/htdocs/finalproject/11/register.html'. The Windows taskbar at the bottom displays various application icons and the system clock showing 10:10 PM on 5/10/2021.

The user can also click the Add New Tip button at the bottom of the Index page to add a new tip to the database.

The screenshot shows a web browser window with several tabs. The active tab is titled 'localhost/htdocs/finalproject/11/file.html'. The page content is titled 'Add New Tip' and includes a form with three text input fields and a submit button. The first field is labeled 'Category (stains, home repair, organizing, tech, clothing, chores, pets, garden/yard, or cooking):'. The second field is labeled 'Subcategory (what kind of stain, what area of garden/yard, etc):'. The third field is labeled 'Tip:'. The submit button is blue and labeled 'submit'.
